by Angel Sanders

Hello all,

For starters, thank you for subscribing and supporting the Sustainability Office here at SIUC. We appreciate and enjoy the feedback and love we receive from you all. Feel free to reach out to us in the future on concerns, commitments, and involvements on campus.

Secondly, it is still Earth Month. Are you wondering how to celebrate? We've included some upcoming events that are taking place right on campus. See next page for full flyers.

Feel free to add us on social media where we will post more flyers about upcoming events in the future!

University Honors Presents

TEMPLES OF LITTLE EGYPT

Artist Reception for Benjamin Lowder at Bucky's Haven on campus lake

Join us in celebrating the completion of Ben Lowder's installation at Bucky's Haven and honor Buckminster Fuller's legacy. Lowder serves as director of the Fuller Dome at SIU Edwardsville and is on the board of directors for Bucky's Dome Home in Carbondale.

Honors student, Gabriel Bonansinga, will perform a short music mediation inspired by themes of sustainability.

Dr. Jon Davey (Professor, Architecture and President of Bucky's Dome Home board) will be present to share reflections on Fuller and the installation.

Wednesday, April 21st 4:00 - 6:00 pm
Bucky's Haven (on campus lake)
RSVP honors@siu.edu if you plan to attend in person. Rain location is Becker Pavilion
Or follow the event live on UHP SIUC on Facebook

This is part of the University's celebration of Earth Month and the University Honors Glassman Lecture Series.

For information or questions about this event contact Elizabeth Donoghue in the University Honors Program at Elizabeth.donoghue@siu.edu
