

# SALUKI GREEN ACTION TEAM

A WEEKLY EMAIL NEWSLETTER

SEPTEMBER 2020 • ISSUE 3

HELLO AGAIN SALUKI GREEN ACTION TEAM. WE HAVE NOW COMPLETED FIVE WEEKS OF THE SEMESTER. HOPE EVERYONE HAS GOTTEN ADJUSTED TO THE NEW FLOW OF THINGS, TIME SURE DOES FLY.

### Opportunities:

*Sign up to volunteer with us in the Sustainability Hub. The Sustainability Office manages our campus-wide ink and toner program and we need your help. Come and melt the day's stress away packing up boxes with old ink cartridges. It is repetitive work, but quite satisfying. The Sustainability Hub is located on the first floor of the Student Center, across from the bowling alley.*

### QUICK LINKS:

- [Ink and Toner Sign Up](#)
- [Saluki Food Pantry Sign Up](#)
- [Voter Supporter](#)
- [10-Year Green Roof Celebration Link](#)
- [Sustainable Cycling](#)

### *Time Slots:*

*Monday's from 1:30-2:30 p.m.*

*Tuesday's from 9:30-10:30 a.m.*

*As many of you know, sustainability deals with a lot more than reducing, reusing, and recycling. We also think about how we are affecting people, locally and globally. The Saluki Food Pantry welcomes volunteers to help stock shelves with donated food and perform other tasks on Wednesdays at 9:30 a.m.*

*As environmentalists we want to encourage people to vote in the upcoming election. Different politicians have different views on how much we need to do to help our environment. It is important that we make ourselves and others aware of how important it is to vote for those who are going to implement policies that will help improve our environment. Keep your eye out for campus voter registration drives by clicking the link in the quick links section titled, "Voter Supporter".*

*Note: If you don't have an account with volunteer portal, it's super easy to sign up! Just use your Saluki log in.*

## Campus Events:

*Join us this week in celebrating the 10-year anniversary of SIU's Green Roof. The virtual celebration is on Sept. 25 from 11:00 a.m. until noon via YouTube.*

*Don't forget to celebrate Bike Week by riding your bike to work or class Sept. 21-25! Also, keep your eye out for the next Sustainable Cycling Class happening in October.*
